The Haven

**Gardening
Group**

This group helps to develop and take care of our garden.

You don't need to have 'green fingers', or wheelbarrows full of knowledge—you just need to be keen and willing to muck in!

Meeting Dates

Weekly on
Friday mornings
10 am—1 pm

We aim to improve the garden at the Haven, not only looking after what's there already.

We have begun work on a vegetable garden which will produce crops for the Haven kitchen. It's hoped that there will be some wonderful cooks in attendance!
